CASE STUDY

Nansulate® Translucent GP

Customer:

Hyundai:
Luxury Apartment Building

Location:

South Korea

Product:

Nansulate Translucent GP

ISSUE:

These luxury apartments owned by Hyundai had an issue with condensation on the lower levels, and also needed an innovative way to increase energy efficiency of the building without giving up additional interior space.

PROJECT DESCRIPTION:

Our patented Nansulate Translucent GP coating was applied to internal walls and ceilings to offer the needed protection from condensation and mold in a cost effective application. Nansulate GP also increased the thermal resistance of the building, thus lowering energy costs for the owner.
