CASE STUDY

Nansulate® LDX

ISSUE:

A large 3-story building in Atlanta was being renovated into commercial office space. The environmental contractors hired for the job needed to find a suitable form of lead abatement that would encapsulate the lead and that was also cost effective.

Product

Nansulate® LDX
Lead Encapsulation Coating

SOLUTION:

After initial patch tests were completed successfully, Nansulate® LDX was chosen for use in the 30,000 SF building to encapsulate the lead contaminates. Nansulate® offered a cost effective solution and was the only clear encapsulant that could be applied to the wide variety of surfaces, including wood and brick.
